in presenting

PARENT EDUCATION Saturday Series 2010

For parents of young children with autism spectrum disorders
SATURDAY JULY 24, 2010 and SATURDAY JULY 31, 2010
8:45am – 12noon

Tiffany M. Bauer, MA, BCBA graduated from University of California, San Diego with a Bachelor's degree in Human Development, completed a Master's degree in Psychology from Pepperdine University, and holds board certification in Applied Behavior Analysis. Currently, she is a Regional Director at Coyne & Associates where she oversees consultation for children with autism in home and school settings. Ms. Bauer has presented in local and international conferences.

Eliza DePizzo-Cheng, PhD, BCBA-D is a child behavioral psychologist who has dedicated her professional career to children with autism. Dr. DePizzo obtained her Ph.D. in school psychology from University of California, Riverside in 1999. She is a licensed psychologist and holds board certification in Applied Behavior Analysis. Currently, Dr. DePizzo is employed at Newport-Mesa Unified School District where she supervises a parent education program. Dr. DePizzo has presented in local and international conferences.

Session I: Saturday July 24, 2010 Managing difficult behavior

This first session will briefly review autism spectrum disorders and the evidenced-based practices of applied behavior analysis (ABA). Reasons for behavior problems and strategies to help will be taught with active parent participation.

Session II: Saturday July 31, 2010 Expanding Food Repertoires

Helping with Anxiety

This second session builds on the first by presenting reasons and behavioral interventions for difficulties related to feeding and anxiety for children with autism.

The Saturday series is offered free of charge to parents of children with ASD under a private grant. Parents are required to attend both Saturday mornings. The series is offered to 30 parents.

The series is best for parents of children with autism between the ages of 2 ½ through 9 years old.

We CANNOT provide child care or interpretative services.
