

Family Support & Education Program

We recognize that families with children who have developmental disorders face unique challenges and benefit from having strong support systems and education programs to help them navigate service delivery systems.

The following services are available to families of children who receive care at For OC Kids Neurodevelopmental Center. Services are available in English, Spanish and Vietnamese. They include:

- Individual consultations that may be scheduled in our office or via phone to provide
 - Parent to parent support and insights regarding parenting a child with a developmental disorder, behavior, or learning challenge.
 - Help in developing skills required to navigate service delivery systems in Orange County.
- Support at your service delivery meetings; IEPs, IFSPs, IPPs. Our support includes:
 - Pre-meeting consultations,
 - Our attendance with you at service delivery meetings to provide parent support and to foster parent empowerment.

These education programs are available to all Orange County residents. They are scheduled throughout the year.

- Individual Education Plan (IEP) Training: Aids parents in gaining an understanding of the IEP process and presents collaborative strategies for successful meetings. Workshops are conducted in English, Spanish and Vietnamese.
- SEEPAC (Support, Education and Empowerment for Parents of Autistic Children) SEEPAC is a six-week educational series designed primarily for parents of young children who are newly diagnosed with autistic spectrum disorders. SEEPAC is available with simultaneous Spanish translation. It is provided in partnership with Regional Center of Orange County and hosted by the Orange County Department of Education. The program includes expert guest speakers and provides great parent to parent networking opportunities. Topics include:
 - Parenting the autistic child.
 - What is autism?
 - The A B C's of behavior
 - Speech & Language interventions
 - Autism & family dynamics
 - And your questions!
